Toronto, Canada

Profile

Noah is a self-motivated and passionate student who recently graduated and is currently studying at Seneca Polytechnic for Computer Programming. His work, among others, include creating a stock management platform for small businesses. He has strong communication skills, computer skills, and the ability to work in a team. One of his notable accomplishments is being a finalist in the World Robotics Olympiad and leading his team to the finals through his leadership and technical skills. In the future, he aspires to become the best in his field and create innovative websites, apps, and blogs. His ultimate goal is to establish his own successful company.

Employment History

Camp Instructor at CASMA camps
06/2022—08/2022

As a Camp Instructor at Casma camps, I had the opportunity to lead and guide campers in various activities and programs. My role involved:

- Creating and implementing engaging and educational camp programs.
- Supervising and ensuring the safety of campers during activities.
- Providing instruction and support to campers in various skills and activities.
- Collaborating with other instructors to create a positive and inclusive camp environment.

Nutrition Hub Assitant at MLSE Launchpad, Toronto
07/2023—Present

- Helped kids gain healthy and nutritious food.
- Committed to creating a positive and supportive environment that helps kids gain access to healthy and nourishing food choices.
- Skilled in assisting with the provision of nutritious meals and snacks to young individuals, contributing to their overall well-being.

Robotics Instructor at IRIS Canada, Toronto
01/2024—Present

- Utilized a variety of teaching methods and strategies to engage and motivate students.
- Thought design, building, programming, testing robots.
- Developed a student-centered learning environment that encouraged creativity and collaboration
